Standard Kynar 500® PVDF Resin

PREMIUM METALLIC COOL KYNAR 500® COLORS

SPECIALIZED MATERIAL

Other Taylor Metal companies:

In partnership with:

SRI=Solar Reflectance Index, these are not paint codes. Oil canning is not a cause for material rejection. These printed chips provide a close representation of the colors. Metal samples are available upon request. See inside for panel, gauge & color availability.

PVDF is a fluoropolymer that is manufactured under the trademarked names Kynar 500® and Duranar (PPG). Paint finishes containing a minimum 70% PVDF resin meet the high-performance weathering criteria established by the American Architectural Manufacturing Association and are allowed to carry the Kynar500® trademarked name. ZINCALUME® & ZINCALUME® Plus are registered trademarks of Bluescope Ltd. Galvalume® is a registered trademark of BIEC International, Inc. Vintage® is a registered trademark of Steelscape, Inc. Kynar® and Kynar 500® is a registered trademarks of Arkema, Inc.

Panels shown in this brochure
