

LIMITED LIFETIME- RESIDENTIAL WARRANTY KYNAR 500® - Transferable, Non-Prorated

Subject to the conditions and exclusions set forth in this warranty, TAYLOR METAL, INC. (hereinafter referred to as "**TMP**") provides the following express limited lifetime warranty for its PVDF-coated products when used as exterior roofing or sidewall building products (hereinafter referred to as the "**Product**").

Registration: Within 45 days after installation of the Product has been completed, the Original Property Owner(s) must complete a Warranty Registration Card in full and mail it to **TMP**. Upon receipt, TMP will forward, by mail or email, to the Owner(s) the Registered Warranty complete with registration number. The owner(s) should keep this Registered Warranty in a safe place for future reference. Failure to notify TMP of the registration shall relieve TMP of all obligations hereunder. In addition, the warranty does not and will not take effect until the project has been paid in full.

Performance: Although it is recognized by all parties to the Warranty that all **PVDF** coatings, will fade and change in appearance to some degree over a period of time in outdoor installations, and that such changes may not be uniform between surfaces not equally exposed. TMP warrants, for the **lifetime** of the original residential property owner and from the date of installation, that when exposed to normal atmospheric conditions and conditions of ordinary wear the Product will not:

A. Peel, check, flake or crack (except for slight crazing or cracking may occur with normal roll-forming or brake bending and which is accepted as standard);

B. Chalk in excess of a numerical rating of 8 measured using the procedures of ASTM D-4214-89 (Method A-659) nor;

C. Fade or change color more than 5 E units (Hunter Color Difference), as measured using the procedure of ASTM D-2244-85, comparing an unexposed retain panel to the exposed panel after removal of dirt and chalk (TMP determines whether material qualifies as non-conforming under this warranty).

D. For **50 years** from shipment against rupture, structural failure, or perforation caused by normal atmospheric exposure.

TMP's liability under this Warranty is limited as follows: If TMP determines the Product to be defective according to the terms of this Warranty, TMP shall, at its sole option, repair or refinish the defective Product, replace the defective Product from current stock or refund the original purchase price of the defective Product. In no event shall TMP's liability exceed the original material costs of the product. TMP shall not be liable for any expenses connected with the labor for the replacement of the defective Product or any incidental or consequential damages. The warranty for any repaired or replaced Product shall be for the remainder of the warranty period applicable to the original Product. Delivery charges, installation costs and taxes are not covered by this warranty.

Conditions and Exclusions: This warranty is subject to the following Exclusions, Limitations and Conditions:

- The warranty covers only Product installed in the continental United States, Canada, Mexico, Alaska and Hawaii which are exposed to normal weather and atmospheric conditions. Projects near active volcanic vents require a TMP review before installation.
- This warranty duration is reduced to 20 years covering coating performance and substrate $\leq 1,000$ feet from a salt-water, salt spray or marine environment. Aluminum is recommended for these locations (request an Alumiguard™ warranty- see website).
- This warranty shall not apply to Product that has been painted or whose surface has been altered in any way without written authorization from TMP. Repair attempts or damage caused by such acts prior to TMP's inspection or written authorization shall void any and all protection under this warranty.

d. The Product must be installed to prevent standing water and condensation. When used as roofing panels, the Product must be installed with minimum pitch of 1/2" per foot for Standing Seam roofs.

e. Keep all coated surfaces clean and free of debris and corrosive deposits. Wash regularly with clean water or a mild detergent, then rinse with clean water. Include exposed underside areas at overhangs. Do not use abrasive or chemical cleaners. Pressure washing is allowed up to 1,000 PSI and 4 GPM. Corrosive environments require more frequent cleaning.

f. Excluded from this limited warranty:

This warranty does not cover improper installation, failure to follow TMP instructions, field-cut edges, edge corrosion, perforated or embossed product, or unpaid projects, or areas that are sheltered from rain and do not drain properly. It also excludes (and not limited to) damage from handling, storage, fabrication, installation, swarf, scratching, corrosive chemicals, incompatible fasteners or sealants, galvanic corrosion, treated lumber, wet insulation, standing water, vegetation (debris), animal waste, snow or ice removal, pressure washing damage, post-painting, unauthorized surface changes, or attachments such as snow guards and solar panels. Use of any patina enhancing/modifying agents, chemical protectors/sealants of any kind, or any materials placed on the Product other than those stated above. Occurrences beyond TMP's control such as acts of God, falling or wind-blown objects, explosions, fires, vandalism, civil disturbances, external forces, improper handling, improper installation, modification or misuse of the product.

g. In no event is TMP liable for any incidental or consequential damages, including, but not limited to: personal injury, property damage or lost income.

h. TMP reserves the right to discontinue or change any design or color of the Product. If, for any reason, Product of the type originally installed are no longer available from TMP at the time the defect is discovered, TMP, in fulfillment of its warranty obligation hereunder, shall have the right to substitute another Product determined by TMP, in its sole discretion, to be of comparable quality and price.

Transferability: This warranty may be transferred once by the original property owner. After transfer, coverage converts to the remaining years of a 40-year term from the original installation date. Warranty transfers must be made in writing using the Warranty Registration Form (located at: www.taylormetal.com)

Claims Procedure: Notify TMP within 30 days after discovering a possible warranty issue. TMP must be allowed to inspect the product and take samples if needed and given a reasonable opportunity to inspect the Product in question. If TMP is not responsible for the issue, the claimant must reimburse TMP for third-party investigation costs. TMP warranty decisions are final. The claim must reference the Warranty Registration Number and the original date of installation, and shall include the Owner(s) name, address and phone number. TMP shall be given a reasonable opportunity to inspect the Product in question. Notice shall be sent by registered mail (or email) to:

ATTN: Warranty Claims, Taylor Metal, Inc., 4566 Ridge Dr. NE, Salem, OR 97301.
